

Norseman Run-Up

All Day, Saturday, June 15th

If you like smoke, noise, and the occasional flame you must get up close with a vintage radial engine as it is put through its paces. Once again you are invited to witness the spectacle of our Noorduyn Norseman in operation during museum hours. Don't forget your camera!

Speaker Night

Vanessa Ascough

Wednesday, June 19th

7 - 9 pm

The Flight of the Vulture

- an adventure not to miss!

In the spring of 1924 a flight of four US Army aircraft left Seattle to attempt the first around-the-world flight; a feat that was accomplished 175 days later. Less

well-known was that an RAF-sanctioned, three-man team led by Squadron Leader Archi-

bald Stuart-MacLaren, OBE MC DFC AFC, was racing the Americans to the prize. Despite a heroic effort made under difficult conditions, the effort came to grief in Siberia. Vanessa will tell the story of this valiant effort, and reveal a direct connection to Canada, Victoria, and the BC Aviation Museum!

Vanessa is Stuart-MacLaren's grand-daughter and has spent many years researching, writing, lecturing and is currently authoring a book about this incredible journey.

Speaker Night is free, and open to the Public. We also offer cookies and coffee at a nominal charge!

Pot Luck Supper

Saturday, 22 June

Cocktails - 5 pm; Dinner - 6 pm

Here is a chance to socialize, find out what is happening around the museum and enjoy some great food. Sign up in the lobby during museum hours for a Salad, Main or Desert and come on out for a great time.
